

भारत के उपराष्ट्रपति
VICE-PRESIDENT OF INDIA

MESSAGE

I am happy to know that the Board of Open Schooling & Skill Education (BOSSE), Sikkim is celebrating its first Foundation Day anniversary by organizing a national conference on the theme- "NEP 2020: Towards India-Centric Holistic Inclusive Quality School Education".

It is commendable that Sikkim has established BOSSE, the first of its kind school education board in the country that lays equal emphasis on skill training along with academic education. To accelerate India's growth and development, it is important to bridge the skill gap in the youth in tune with new & emerging market demands. I am happy that the Board is also offering programs in regional languages to make education inclusive and accessible for all.

The New Education Policy is a transformative document to reorient our education system towards 21st century needs. It gives much needed emphasis on vocational education and lays a roadmap for accessible, affordable and universal education.

I appreciate that BOSSE, in the spirit of NEP-2020, endeavours to provide holistic education to students so that they may grow up to become responsible global citizens and proactive partners in the development process of the nation.

I extend my warm greetings and congratulations to the management and staff of the Board of Open Schooling & Skill Education (BOSSE), Sikkim on its Foundation Day and wish the event a grand success.

(M. Venkaiah Naidu)
