

## Message

I am glad to know that Board of Open Schooling & Skill Education (BOSSE) Sikkim is going to celebrate its First Foundation Day Anniversary.

It is indeed a good initiative by BOSSE to take an important step towards enhancement and improvement of opportunities for students to attain universalization of school and vocational education in the State of Sikkim. Skill education should be as important as Academic Education.

I sincerely hope the Students who are studying from BOSSE will prove themselves to be well-rounded professionals and good citizens of the Country.

I wish success for the event.

**Lt Gen Gurmit Singh (Retd)**
