**MESSAGE**

I am pleased to know that Board of Open Schooling & Skill Education, Sikkim is organizing a National Conference on theme "NEP 2020: Towards India-Centric Holistic Inclusive Quality School Education" on the occasion of its first Foundation Day Anniversary.

Education is the foundation of overall human development and sustainable growth of the nation. Skill-based education is an effective and purpose-driven means to enhance the potential of youth and groom them technically in their chosen field.

I am sure that the deliberation at the Conference will not only lead to the synergy between New Education Policy and Skill Development but also provide a common platform to all stakeholders in Education to express their views on the theme.

I convey my best wishes to the organizers and participants and wish the Conference a grand success.
