Dear Dr Kuldeep Agarwal,

Subject: Eligibility of BOSSE students with Secondary School qualification for Cambridge AS & A Levels

Based on equivalence granted by Association of Indian Universities to qualifications awarded by Board of Open Schooling & Skill Education (BOSSE), we are pleased to acknowledge that learners with secondary qualifications from BOSSE are eligible to apply for admission to Cambridge International AS & A Level programme in Cambridge International schools in India, subject to meeting entry requirements of individual schools.

Typically for learners aged 16 to 19, Cambridge International AS & A Level programme is perfect for those who need advanced study to prepare for higher education. In India, learners join Cambridge International AS & A Level programme after completion of secondary level (Grade 10) qualification.

Thank you.

Shamim Chowdhury (she/her)
